Investors should read the prospectus carefully before investing.

CBIS Global Funds plc is authorised by the Central Bank of Ireland pursuant to the European Communities (Undertakings for Investment in Transferable Securities) Regulations, 2011. CBIS Global Funds plc (UCITS) products are available in select countries around the world. All Fund assets are invested in accordance with CBIS' Catholic Responsible Investing Guidelines. The Fund provides daily NAV and daily liquidity. The securities identified and described do not represent all of the securities purchased, sold or recommended for investor accounts. The reader should not assume that an investment in the securities identified was or will be profitable. Comparative indices represent unmanaged or average returns on various financial assets which can be compared to the Fund's total returns for the purpose of measuring relative performance, but are not necessarily intended to parallel the risk or investment approach of your investments; the indices do not incur taxes or expenses but are inclusive of dividends and interest. Comparative index information is provided by third parties; information regarding composition of indexes may be obtained from the provider or CBIS. A prospectus describing the Funds offered by CBIS Global Funds, together with Key Investor Information Documents for the Fund in English, French, Italian and Spanish, are available by calling the Rome Service Center at (39) 06 6601 7218 or on our website at www.cbisonline.com.

The securities identified and described do not represent all of the securities purchased, sold or recommended for investor accounts. The reader should not assume that an investment in the securities identified was or will be profitable. For a complete list of securities offered during the period, please contact CBIS.

There are risks associated with investing, including possible loss of principal.

The fund invests in equity securities, which involve issuer, industry, market and general economic related risks. Additionally, since the fund is focused outside of the United States, US-based investors could be affected by additional volatility as a result of international factors including economic, political and currency risks.

Please read the Fund's prospectus for specific details regarding the Fund's risk profile."

The fund seeks to outperform the MSCI All Country World (EUR) Index (the "Benchmark"). The Investment Manager believes that the Benchmark is an appropriate benchmark for the fund over a full market cycle, typically 5 to 7 years. The fund is actively managed. While the majority of the fund's securities may be components of the Benchmark, the fund's Investment Manager may use its discretion to invest a material proportion of the fund in securities not included in the Benchmark and apply weightings entirely different to that of the Benchmark. As outperformance of the Benchmark is a target and not a forecast, there can be no guarantee or assurance that the fund will achieve a return which meets or exceeds any change in the Benchmark.
